

THR Burleson Hometown Healthcare

Location: 2750 Wilshire Blvd
Burleson, TX

Size: 53,000 SF

Description:

Project included four buildings. Two for Texas Health Resources physical therapy operations including a pool, weight room, exam rooms, and offices. One building was built to accommodate a Family Practice Physician and another to accommodate an Ophthalmologist office. The Ophthalmologist space included speculative space for a pharmacy or medical supply company. A phase II Ambulatory Surgical Center is planned. This effort was managed while employed by Innovative Developers who also completed the construction. Daniels and Lovelady were the Architects.
